2Mev FAQ's

"Should I purchase a recreational or competitive membership for my athlete?"

This is completely up to you! But, please consider that recreational members are those who are participating in the sport for fun and will not be looking to compete. Those who are looking to compete must purchase a competitive membership.

"What do you mean by affiliate or affiliated?"

Similar to a roster, affiliation means that athletes or members will be connected to a team over the 2Mev database so that they can be registered for future events. Note, coaches may register athletes or they may register themselves. This function takes the administrative load off of the coach as athletes or parents may now register themselves and affiliate with the team.

"I'm a coach for multiple teams. Does this mean I have to purchase multiple coach memberships?"

No! You only have to purchase one coaching membership. Contact info@2mev.com and info@bcwrestling.com to be affiliated with multiple teams/clubs.

"Should I purchase a high school or club membership for my juvenile and/or cadet athlete?"

If the athlete is going to be wrestling for both a club and high school team and/or going to be wrestling past the school season (ex. competing over the Summer or at the National Championships), we recommend purchasing the high-school + club membership.

"I'm a coach but also an athlete (and/or official), do I need to purchase two memberships? One for being a coach and one for being an athlete?"

Yes, members must register for each BCWA membership that they currently hold. When going through the registration process, you can select multiple membership categories for an individual so you do not have to repeat the process of registering.
